Eat like a local — 6 quick rules

1. **Bring cash.** Many small shops are cash only. Ramen shops often use ticket machines (¥1,000 notes and coins).
2. **"Otoshi" is normal.** Izakaya add a small seating charge with a starter dish (about ¥300–500).
3. **Go early.** Popular shops have lines or sell out. Arriving at opening time saves a long wait.
4. **Slurp away.** Slurping noodles is fine, and you don't need to finish the soup.
5. **Soup curry:** pick your spice level and rice size, then dip a spoonful of rice into the soup.
6. **No tipping.** Tips aren't expected in Japan, and menu prices already include tax.
